

Release Of Information FYI Flags

Release Restriction & ROI Communication

This document is intended as a guide for the use of the Release Restriction and the ROI Communication FYI flags. Both flags when placed may impact the release of patient medical records.

Release Restriction Flag

- This flag should be used for notification for approved patient right of access requests to restrict disclosure of their records.
- Use in conjunction with processes for *UPH policy 1. MR.04 EWPOL. Individual Request to Restrict Uses and Disclosure of Protected Health Information.*
- Using this flag may prevent information from being shared through automated processes.

New Flag

Contact:	Flag type:
<input type="text"/>	<input type="text" value="Release Restrictions"/>

ROI Communication

- Used for communicating information related to releasing patient information that is not a restricting access.
- Examples
 - Patient Communication form on file
 - Records in legacy system.
 - Patient requested to Opt Out of Care Everywhere.

New Flag

Contact:	Flag type:
<input type="text"/>	<input type="text" value="ROI Communication"/>

All patient FYI Flags should be reviewed prior to releasing patient records. Both the Release Restriction and the ROI Communication flags also show as Warnings in ROI Storyboard.

All screen shots are from UPH testing environments and do not include any real patient data.
